| Which of the following explains why a reaction stops? |
|-------------------------------------------------------|
|                                                       |
|                                                       |
|                                                       |
|                                                       |
|                                                       |
|                                                       |
|                                                       |
|                                                       |
